

SHAHD MUBARAK ALABDALI

 Muscat , Sultanate of Oman | p:+968 91232904 | shahad9mubarak@gmail.com |  <http://linkedin.com/in/shahdalabdali>

SUMMARY

Geography graduate (GIS major) with GPA 3.72/4, consistently recognized on the Dean's List. Skilled in spatial analysis and remote sensing, with research experience through environmental projects as a research assistant. Interested in supporting teaching and contributing to academic research in geography using GIS.

EDUCATION

Sultan Qaboos University Bachelor's of Geography Major in Geographic Information Systems Cumulative GPA : 3.72/ 4 ; Dean's List 2021-2025	Muscat,OM Aug 2025
New College Group (NCG) School Study Abroad program in English Language tuition	Manchester,UK Jun 2022-Jul 2022
Malvern House English Language School Manchester Study Abroad program in English Language tuition	Manchester,UK Jun 2019-Jul 2019

WORK EXPERIENCE

Research Assistant - Environmental Studies & Research Center, SQU - Contributed to a research project on greenhouse gas fluxes and carbon sequestration in mangrove ecosystems in Oman. - Applied GIS and spatial-temporal analysis to support environmental data interpretation.	Jan 2026 – Feb 2026
Research Assistant - Environmental Studies & Research Center, SQU Contributed to a research project on climate change impacts on coastal and marine environments in Oman and UAE.	Oct 2025
GeoSolutions Company – GIS Internship - Gained practical experience in applied GIS and spatial data analysis. - Worked on real-world spatial data processing tasks.	Aug 2025 - Sep 2025
Research Assistant – Geography Department, SQU Supported research on ecosystem and natural resource management for water and food resilience in a changing climate.	Oct2024- Jan 2025
Oman Broadband - Network Planning & Technology Division - Participated in network planning and design. - Monitored optical fiber routes and ensured accurate installation locations.	Jun–Aug 2024, Jun–Aug 2025
Ministry of Housing and Urban Planning Gained experience in using GIS tools for urban planning and development, including spatial data analysis to support infrastructure projects and land use planning.	Jul2023- Aug2023
National Survey Authority - Surveying and Mapping - Gained hands-on experience in field data collection and topographic mapping. - Used surveying instruments for spatial data acquisition.	Jun2023-Jul2023

PROFESSIONAL DEVELOPMENT

Scholarship of Teaching and Learning (SoTL) Training Program – Arab Open University	Dec 2025
Completed Analyzing Questionnaires Using IBM SPSS - Military Technological College (MTC)	Dec 2025
Completed Advanced Google Earth Engine (GEE) for Spatail Data Analysis Course	Nov 2025
Participated in Space Applications & Remote Sensing Training	Sep2025
Attended Power BI Workshop	Aug 2025

ACTIVITIES & ENGAGEMENTS

Participated in the Annual Festival for People with Disabilities - Ministry of Culture, Sports and Youth	Dec 2025
Participation in GIS Day Event - King Saud Universiry ,Saudi Arabia	Nov 2025
Participant in GIS Day Event Ministry of Heritage and Tourism	Dec 2024
Contributed to SQU Specialties Exhibition – Geography Dept	Sep 2024
Participation in the Chinese Language Bridge Program	Beijing,CN May2024
Administrative in the Cultural Committee of the Geography Group	2023-2024
Participation in holding a workshop on the specialty of geographic information systems , Al Amal Basic Education School	Nov 2023
Participation in organizing the Oman Environmental Sustainability Conference	Jun,2023
Member, Geography Group	2022- 2023
Participation in activities organized by the Social Service Group , College of Arts	2021-2022

AWARDS & RECOGNITIONS

2nd Place – Best Scientific Poster, GIS Day – King Saud University (2025)	2025
University Academic Excellence List	2023-2025
• Recognized as a distinguished student at the university level	
Annual Student Trip for Academic Excellence	2023-2024
Dean’s List of College of Arts & Social Sciences	2022–2025
Excellence Award in Student Social Service Activities	2021-2022

SKILLS

Technical & Research Skills:

- GIS Software (ArcGIS, QGIS, Google Earth Engine)
- Remote Sensing & Satellite Image Analysis
- Spatial Analysis & Modeling
- Data Analysis (Excel, Power BI, SPSS)
- Map Projection & Georeferencing

Soft Skills:

- Time Management
- Teamwork & Leadership
- Problem Solving
